

Pablo Sánchez Fernández

20th August, 1991 / pau.sanchez1991@gmail.com / (+34) 648 29 08 53

Full-stack developer looking for new challenges. My short-term objective is to become part of a professional team and to keep learning together. I love my job and I'm a hard-working, responsible and easy-going person.

EDUCATION

2014 - 2015

IES Calamot , Gavà

Advanced Technician
System administration and networks

2013 - 2014

IES Calamot , Gavà

Advanced Technician
Multiplatform Application Development

2011 - 2013

Acadèmia Núria, Gavà.

Advanced Technician
Web Application Development

EXPERIENCE

2014 - Present

Bryte Communication

Full-Stack Developer

My main task is to create websites for small and medium-sized businesses mainly using MODX and Wordpress. For online shops we use Woocommerce, Yii framework or Symfony. I make connections to external APIs of different services.

From the frontend part I use HTML5, CSS3 and jQuery. Tools to help us in the Bootstrap layout
